

LANDBRIDGE
ECOLOGICAL

ABOUT US

We are an ecological design, installation and land management firm.

OUR MISSION

Restore and protect resilient native landscapes, to educate the public about ecological restoration, and to work with existing natural resources and conditions.

LANDBRIDGE ECOLOGICAL (LANDBRIDGE) is a collaborative, team-oriented work environment that emphasizes inclusion of diverse ideas, solutions and perspectives. LANDBRIDGE marries high design and native landscapes; providing science and forethought into restoration, management, and landscaping. While working on the smallest raingarden to an expansive habitat project, there are many opportunities to contribute and collaborate in a young company and rewarding field.

PROJECT MANAGER

FULL-TIME POSITION

Project Managers bid on, manage, and oversee the implementation of an extensive variety of ecological projects. Example projects include raingardens, pollinator gardens, bee lawns, prairie burns and restoration, timber harvests, and invasive species control. Projects are located primarily in the Twin Cities and Upper Midwest. Project Managers also provide education and training to Landbridge employees and the public.
