

LANDBRIDGE
ECOLOGICAL

ABOUT US

We are an ecological design, installation and land management firm.

OUR MISSION

Restore and protect resilient native landscapes, to educate the public about ecological restoration, and to work with existing natural resources and conditions.

LANDBRIDGE ECOLOGICAL (LANDBRIDGE) is a collaborative, team-oriented work environment that emphasizes inclusion of diverse ideas, solutions and perspectives. LANDBRIDGE marries high design and native landscapes; providing science and forethought into restoration, management, and landscaping. While working on the smallest raingarden to an expansive habitat project, there are many opportunities to contribute and collaborate in a young company and rewarding field.

ESTIMATOR

FULL-TIME PERMANENT POSITION

The Estimator bids on and secures an assortment of ecological restoration projects, as well as fosters strategic relationships for future growth and success of Landbridge Ecological. Example projects range from public/residential/commercial landscapes with a range from small to large-scale native installation (planting, seeding, erosion control, etc.) and land management (invasive species, prescribed fire, woodland editing, etc.). The Estimator will also work alongside the sales team to target and develop new markets.
